

Input Adapters

For ACE® and DCR® Series Light Sources

Input Adapter, A08013

Product and Performance Characteristics

SCHOTT provides a series of adapter bushings which fit into the DCR® Series and ACE® Series light sources.

The corresponding ferrule sizes they will accept, are shown below. The bushing attaches to the fiber bundle ferrule with a set screw. The bushing is then inserted into the light source receptacle. These adapters guarantee proper fiber bundle positioning in the focal plane of the lamp to receive the maximum light output.

Part Number	Adapter	Ferrule
*A08009		<p>Volpi</p>
A08010		
A08013		<p>SCHOTT KL Series</p>

* Made to order product
Dimensions in () are in mm
