

Tubes & Vials with Separately Packed Caps Detached Cap Economy Packs

- Facilitates filling and handling
- Ideal for working with large quantities
- High quality polypropylene tubes
- Caps packaged in separate bags

MTC's most popular tubes and vials are now available in new bulk packaging configurations. The tubes and caps are packaged in separate bags, thereby expediting any process that normally includes removing the attached cap prior to filling the tube.

New!	CAT. NO.	DESCRIPTION - 10 Sterile Bags of 100 Tubes	QTY
	C1811-SC	Transport Tube, Sterile, 5mL, 16×60mm, with Separate Screw Caps,	1000
New!	C1812-SC	Transport Tube, Sterile, 10mL, 16×80mm, with Separate Screw Caps,	1000
New!	CAT. NO.	DESCRIPTION - 10 Non-Sterile Bags of 100 Tubes	QTY
	C1813-NS	SureSeal™ Transport Tube, 5mL, 16×56mm, with Separate O-Ring Caps, Non-sterile	1000
New!	C1814-NS	SureSeal™ Transport Tube, 10mL, 16×92mm, with Separate O-Ring Caps, Non-sterile	1000
New!	CAT. NO.	DESCRIPTION - Non-Sterile Bulk Pack	QTY
	C2601-B	Centrifuge Tube, 15mL, 17×121mm, with Separate Caps, Non-sterile	500
New!	C2603-B	Centrifuge Tube, 50mL, 29×117mm, with Separate Caps, Non-sterile	500

Tubes & Vials with Separately Packed Caps Detached Cap Economy Packs

Transport Tubes with Screw Cap

Sterile Bags of 100

Specifications

Materials, Tube:	Polypropylene
Materials, Caps:	HD Polyethylene
Temperature:	-86°C - 121°C
Leak-proof:	to 95kPa
Dimensions:	5mL: 16×60mm 10mL: 16×80mm

SureSeal™ Transport Tubes w/ Silicone O-Ring Screw Cap

Non-Sterile Bags of 100

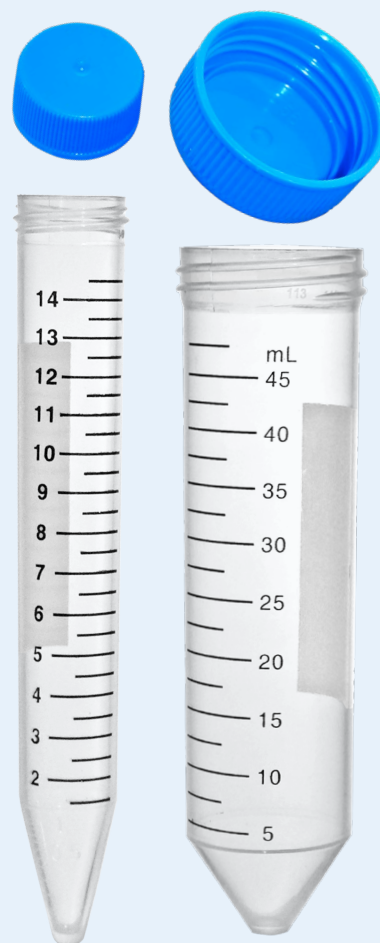

Specifications

Materials, Tube:	Polypropylene
Materials, Caps:	Polypropylene Silicone O-Ring
Temperature:	-86°C - 121°C
Leak-proof:	to 95kPa
Dimensions:	5mL: 16×56mm 10mL: 16×92mm

Centrifuge Tubes 15mL and 50mL Tubes

Non-Sterile Bulk Bags

Specifications

Materials, Tube:	Polypropylene
Materials, Caps:	HD Polyethylene
Temperature:	-86°C - 121°C
Leak-proof:	to 95kPa
Max RCF:	15mL: 12,000×g 50mL: 15,000×g
Dimensions:	15mL: 17×121mm 50mL: 29×117mm
