

## VE-50-1

► **Features**

- Moisture determination on a wide range of sample
- Robust construction for demanding use
- Halogen lamp

- Reduced sample processing time
- Interface RS232
- 6 memories.

► **Standard Functions**

- Weighing.

- Moisture determination

► **Accessories Included**

- Power adapter.
- Carrying case

- 2 sample plates
- USB adapter

► **TECHNICAL DATA**

Model	<b>VE-50-1</b>
Capacity	100 g.
Readability	0.001 g / 0.02%
Weighing Units	gr
Calibration	External
Pan Size	Ø 100 mm / Ø 3.9 mm.
Stabilization Time	3 seconds
Heating Time	1 ~ 99 minutes.
Heating temperature	50°- 180 °C
Display	Large 5" touchscreen display.
Housing	ABS Plastic
Operating Environment	10° to 30°C / 50° to 85°F / Humidity 20% - 80%
Overall Dimensions	300 x 191 x 140 mm / 11.8" x 7.5" x 5.5"
Power Supply	110/240V, 50/60 Hz AC Adapter and rechargeable battery
Net Weight	3 kg / 6.5 lbs
Warranty	1 year
