

The Sentinel SFD 200 and 300 are intuitive, high-accuracy food checkweighers designed to deliver fast, dependable in-motion weighing for modern production lines. Their grade 304 stainless steel and aluminium round-tube frame are designed to reduce dirt and clogging risk. With an IP65-rating, the Sentinel SFD 200 and 300 can be hosed down to maintain hygienic standards. Maintenance is easy, with conveyor and belt replacement possible without the need for tools. Using the 15-inch full-colour touch-screen display, set-up, monitoring and operational tasks are straightforward - with menus and statistics all easily-accessible. Up to 400gb of data storage, or 200 recipes, allow for quick recall and traceability.

Features

- Multiple dashboards for data analytics provide real-time production trend monitoring with Statistical Process Control
- Dynamic configuration ensures automatic set-up when you're using for the first time or switching products
- Highly visible light tower with red, green and yellow lights for transparent checkweighing
- Multi-level security permissions
- Arrives to your facility fully assembled
- Intuitive, easy-to-use display shows instructions, results and application status at a glance
- Automatic optimisation via AI-based intelligent dynamic filtering
- Large touch-screen display for easy navigation through settings
- Multilingual display allows use in many different countries
- Multiple weighing units available
- Windshield to prevent disturbances from air and dust
- IP65-certified for protection against water and dust
- Stores up to 200 recipes in memory for easy recall later
- 400gb of data storage
- Tool-free conveyor and belt replacement to maintain hygienic standards
- Round-tube frame and smooth surfaces reduce dirt and clogging risk
- Stainless Steel weighing platform
- Fully customisable dynamic inline checkweigher for the Food industry

Applications

- Checkweighing
- Weighing
- Statistics
- Accumulation

Adam is the answer.

For more than half a century, Adam has been the answer when accuracy is the priority. Adam scales and balances provide precision solutions for professionals in every industry.

Product details

Model	SFD 200	SFD 300
Capacity	3kg	0.5kg
Readability	0.1g	0.05g
Pan Size	300x200mm	160x120mm
Weighing Units	g,kg,lb,T	
Interface	RS-232/USB	
Calibration	Dynamic calibration/External calibration	
Display	15" Touchscreen	10" Touchscreen
Display Languages	English / Chinese	English / Chinese / Spanish / Portuguese
Housing	Aluminium/Stainless steel	
Overall Dimensions	1441.6x914.5x1605mm	1003x837x1545mm
Net Weight	124kg	98kg

Supplied by
