

# AGB and AGF Bench and floor scales

**Solidly Built for Logistics, Factories, Manufacturing and Farms**

The durable AGB and AGF bench and floor scales feature stainless steel pans, a sealed indicator and a generous backlit LCD display. Perfectly suited for logistical applications in warehouses, as well as applications in factories, farms and manufacturing, AGB and AGF skillfully perform weighing tasks such as parts counting, percentage weighing, checkweighing and check counting.

# AGB and AGF Bench and floor scales

## Features

- Backlit display changes color for quick notification of checkweighing limits
- Color-coded keys facilitate quick recognition of the most frequently used buttons
- Heavy-duty rubber feet ensure stability of unit
- Large, grade 304 stainless steel pan allows easy cleaning
- Rugged construction stands up to industrial use
- RS-232 interface is available to provide speedy connection to computers and printers
- External calibration allows for verification and adjustment with weights
- Hold function freezes the displayed weight, allowing time to elapse without losing the result
- Checkweighing with audible alarm
- Parts counting with preset sample sizes
- Preset tare function speeds the process of repetitive weighing
- Selectable digital filtering for animal/dynamic weighing enables consistent results for moving subjects
- Rechargeable battery included for operation almost anywhere
- Programmable auto power-off to save energy

### Backlit Display

Backlit display changes color for quick notification of checkweighing limits

### Color-coded Keys

Color-coded keys facilitate quick recognition of the most frequently used buttons

### Capacity tracker

Capacity tracker allows easy monitoring of results to avoid possible overloads

### Sealed Indicator

Offers ultimate protection against water and dust

### RS-232 Interface

RS-232 interface provides speedy connection to computers and printers

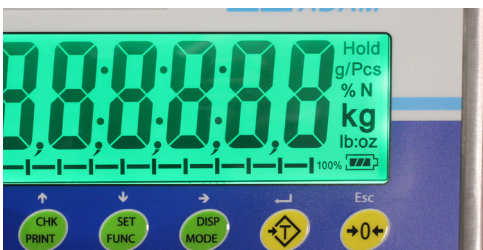

### Extra Large Display for Easy Operation

A generous backlit LCD display offers 1.5"/40mm-high digits for easy readability. Along with an audible alarm, the convenient color-changing display shifts during checkweighing mode for at-a-glance notification if you are over, under or within a pre-set limit.

### Rugged Construction

Ideal for industrial use, the AGB and AGF feature three options of easy-to-clean grade 304 stainless steel pan sizes: 11.8"x15.7"/300x400mm for the AGB and 15.7"x19.7"/400x500mm or 23.6"x31.5"/600x800mm for the AGF.

### Weigh with Confidence

A hold function freezes the displayed weight, allowing time to elapse without losing the result, while selectable digital filtering for animal/dynamic weighing provides consistent results for weighing objects in motion.

## Accessories

Item number	Description
700400103	RS-232 cable
1120011156	ATP thermal printer
1120014641	AIP impact printer
3074010507	RS-232 to USB adapter
1100011297	Relay box
600002028	AdamDU Data Collection Program
700660290	Calibration certificate
3004013214	Light tower kit including relay box
1140013826	Roller deck (11.8 x 15.7")
1140013827	Roller deck (15.7 x 19.7")
1140013828	Roller deck (23.6 x 31.5")

## Applications

- Weighing
- Parts counting
- Percentage weighing
- Checkweighing
- Check counting
- Display hold
