

designed for scientists

UF.Si.N30.150.10LV

/// Data Sheet

Universal thermal fluid based on silicon oil

Temperature range in closed bath vessels (HBC, CBC): -30 – 150 °C

Temperature range in open bath vessels (ICC, IC): -30 – 130 °C

Viscosity at 25 °C: 10 mPa

Color: clear

Quantity: 9 kg

designed for scientists

Technical Data

Weight [kg]	9
Permissible ambient temperature [°C]	5 - 40
