

designed for scientists

R 4011 SY Propeller stirrer

/// Data Sheet

PTFE-coated propeller stirrer.

Shaft length: 400 mm

Shaft diameter: 10 mm

Dimensions stirring tool (W/H): 40 mm / 8 mm

Suitable for the EasySyn reactor system with reactor vessels SY 500, SY 500 D, SY 1000, SY 1000 D (Volumes: 500 ml; 1000 ml).

designed for scientists

Technical Data

Nominal length [mm]	400
Stirrer design	Pitched blade
Shaft diameter [mm]	10
Drive shaft diameter [mm]	8
Height (agitator unit) [mm]	8
Width (agitator unit) [mm]	40
Depth (agitator unit) [mm]	40
Flow direction	axial
Flow direction for clockwise rotation	upwards
Material in contact with medium	PTFE
