

designed for scientists

## R 4013 SY Propeller stirrer

/// Data Sheet

PTFE-coated propeller stirrer.

Shaft length: 530 mm

Shaft diameter: 10 mm

Dimensions stirring tool (W/H): 75 mm / 15 mm

Suitable for the EasySyn reactor system with reactor vessels SY 5000 und SY 5000 D (Volume: 5000 ml).

designed for scientists

### Technical Data

Nominal length [mm]	530
Stirrer design	Pitched blade
Shaft diameter [mm]	10
Drive shaft diameter [mm]	8
Height (agitator unit) [mm]	15
Width (agitator unit) [mm]	75
Depth (agitator unit) [mm]	75
Flow direction	axial
Flow direction for clockwise rotation	upwards
Material in contact with medium	PTFE
