

designed for scientists

PT 100.300 Temperature sensor 300 mm

/// Data Sheet

PTFE coated temperature sensor.

Length: 300 mm

Diameter: 8 mm

Material: PTFE

Suitable for reactor vessels with volumes of 500 ml (SY 500 and SY 500 D) and 1000 ml (SY 1000 and SY 1000 D).

designed for scientists

Technical Data

Nominal length [mm]	300
Shaft diameter [mm]	8
Working temperature [°C]	-50 - 250
Material in contact with medium	PTFE
Cable length [mm]	1500
