

designed for scientists

PT 100.500 Temperature sensor 500 mm

/// Data Sheet

PTFE coated temperature sensor.

Length: 500 mm

Material: PTFE

Suitable for reactor vessels with volumes of 2000 ml (SY 2000 and SY 2000 D) and 5000 ml (SY 5000 and SY 5000 D).

designed for scientists

Technical Data

Nominal length [mm]	500
Shaft diameter [mm]	8
Working temperature [°C]	-50 - 250
Material in contact with medium	PTFE
Cable length [mm]	1500
